Nutritional innovation

Laboratoires
activa 

Our Activa laboratories have specialized in the field of Phytonutrition for many years. We develop, formulate and produce the latest generation nutritional supplements in France, for worldwide distribution.

Taking self-regulation into account

We develop our ranges with the permanent concern of taking the bioavailability and biocompatibility of our nutritional supplements into account. We do this by studying the body's regulation mechanisms to a possible alteration, in order to design nutritional supplements which promote systems that self-regulate a function rather than act against an alteration. As a result of this comprehensive approach, we support the body by using complex formulations and doses for better efficiency and fast action. The high-quality active ingredients are used in physiological doses in order to observe how the body functions and avoid side effects.

Actions and synergies of the components

Our know-how in developing complexes gives us a great deal of expertise in the formulation and combination of natural active ingredients so that they all act with the best possible synergy and confer maximum efficiency to our ranges. By combining several substances in a specific order, we get a synergy of active ingredients which is not simply equal to the sum of the properties of these various substances. In fact, the interactions of these elements enable another action and other information regarding the body to be obtained. We attach great importance to developing our complexes, so that they are «micronutritional».

They respect the body's general balance. Our various product ranges are formulated based on:

- Dry, titrated, standardized plant extracts.
- Various trace element salts.
- Levorotatory vitamins and amino acids.
- First cold pressed vegetable oils.

Search for innovative galenics

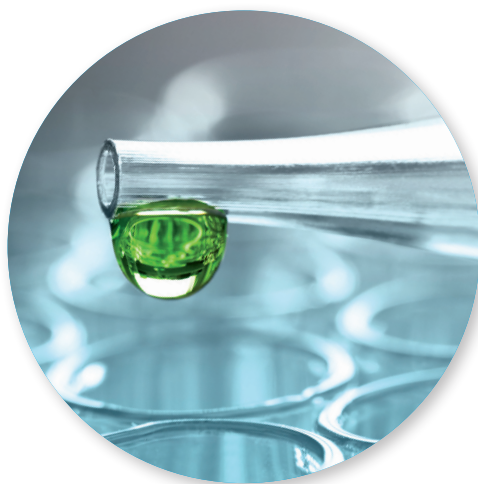

In order to optimize the bioavailability of our products we use a patented galenic form, a controlled release microgranule which enables us:

- To release active ingredients very quickly for fast action or for prolonged periods for an action over several hours.
- To protect sensitive active ingredients from gastric acidity.
- To hide tastes and smells.
- To reduce the amount taken daily.

We also use osmotic tablets, vegetable capsules and high assimilation tablets.

Molecule and information

The quality of a molecule is assessed on two factors, one structural, its chemical formula, and the other spatial, its physical properties conferring its particular features and its 'language'. A well-known example is the assimilation of vitamin C, chemical and natural. A molecule will provide various information via the multiple spatial configurations it can take.

actiVa, latest generation nutritional supplements

Each molecule has an action in relation to a target but at the same time gives a signal that it is important to take into consideration in a nutritional approach.

We select carefully our active ingredients in order to obtain products with qualities that have a high amount of tracers, controlled to ensure safety (pesticides, GMOs, microbiology, heavy metals).

Our rigorous manufacture methods and the procedures put in place during continuous quality improvement processes, guarantee quality products with traceability throughout the production chain. Our laboratory meets the demands of French, European and American regulations.

Distribution is carried out exclusively by healthcare professionals trained in micronutrition and herbal medicine to ensure you receive advice that meets your requirements.

Technological innovation

Controlled Release Microgranules

The entirely innovative microgranule form offers protection for active ingredients and their targeted release into the body, thus promoting a fast and efficiency action.

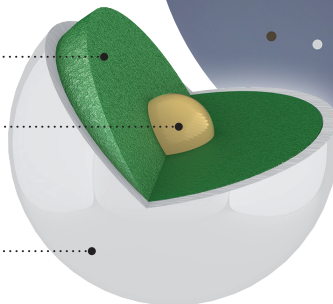

Controlled release

- We can release the active ingredients quickly everywhere fast action is required.
- Prolonged release for long-lasting action.
- Delayed release to protect sensitive active ingredients such as probiotics from gastric juice.

Dry titrated extracts

Neutral

Semi-permeable
membrane

5

PhytoVitality's priorities

- 100% natural active ingredients, using quality, titrated, dry extracts.
- Sequential formulations for a synergistic action of the components, so balance can be restored in the body.
- Complete bioavailability for total assimilation.
- Perfect biocompatibility: respect of vital currents with far-reaching benefits for vitality, no side effects and no overloading of the body.
- Microgranules provide gastroprotection, quickly passing through the intestine, and a controlled release of active ingredients.

Microgranule technology implies:

- Fewer doses, therefore better compliance.
- Adaptation of the dose type to the individual or the malfunction.
- Easy to take.

Laboratoires activa

WELL BEING RANGE

A range designed for balance,
comfort and intensive action

The right balance for your joints

Maintenance and comfort
of the articular system

Suggested use

1 capsule to be taken
every day between meals,
with a large glass of water.

The capsules may be
opened before being taken.

Promotes flexibility of joints
Helps maintain healthy joints

Well Being Joint

The natural solution to assist in maintaining flexibility
and strength of cartilaginous tissue.

- **Harpagophytum and Curcuma Complex**
(recognized for its anti-inflammatory properties)
help improve flexibility and articular mobility.
- **Contribution of Glucosamine hydrochloride
and Chondroitin sulphate**, natural components of
cartilage.

DID YOU KNOW?

What are the causes of
joint pain?

Cartilage degradation is
one of the main causes of
joint pain.

The cartilage no longer
performs its role as a
'shock absorber' and no
longer enables supple and
flexible articulations.

There are many reasons
for this degradation,
sometimes due to
metabolic changes and
sometimes due to age.

Ingredients (titrated dry extracts) for 1 capsule

Harpagophytum (*Harpagophytum procumbens*) 75 mg, Chondroitin sulphate 41.7 mg, Marine chondroitin 41.7 mg, Turmeric TSE (*Curcuma longa*) 33.3 mg, Glucosamine hydrochloride 25 mg.
Additives: Bulking agent: Xylitol* - Vegetable capsule (natural vegetable cellulose, water).

*Excessive consumption may have a laxative effect.

Restore your gut balance

12 billion CFU gastro-protected

Suggested use

1 capsule a day, in the morning, on an empty stomach with a large glass of water.

The capsules can be opened before administration, mixed in a yoghurt, for example.

Manufactured from cultured soy or milk.

8

12 billion probiotics (CFU) gastro-protected

Well Being Symbiotic

Synergy of 4 strains of bacteria carefully selected for their safety and complementary action and 3 prebiotics that promote the development of probiotics.

- Helps maintain the body's natural defenses.
- Supports a healthy digestive system.
- Helps strengthen gastrointestinal flora.

■ Synergy of 4 probiotics for better efficiency

- **Bifidobacterium longum**
- **Bifidobacterium infantis**
- **Lactobacillus acidophilus**
- **Lactobacillus rhamnosus.**

■ Synergy of 3 prebiotics

- **Fructo-oligosaccharides**
- **Xylitol**
- **Ribose.**

Ingredients (for 1 capsule)

Fructo-oligosaccharides 66 mg, Bifidobacterium longum (3 bn), Bifidobacterium infantis (3 bn), Lactobacillus acidophilus (3 bn), Lactobacillus rhamnosus (3 bn), Additives: Bulking agent: Xylitol* - Vegetable capsule (natural vegetable cellulose, water), Ribose.

*Excessive consumption may have a laxative effect.

DID YOU KNOW?

Intestinal flora is made of bacteria (approximately 100,000 billion of 400 different species), that live together in our intestines and which forms after birth.

Most of these bacteria are harmless or beneficial.

Natural relief for gastric acidity

Maintain the stomach's acid/base balance

Suggested use

1 capsule every day, between meals with a glass of water, preferably in the morning.

The capsules may be opened before being taken.

Not recommended for pregnant women.

Digestion well-being
Gastric acidity
Balance the stomach's physiological pH

Well Being Gastric

The combination of 4 plants traditionally valued for their benefits for gastric and digestive disorders.

- **Fenugreek** and **Dandelion** contribute to maintaining a normal gastric acidity.
- **Sage** helps maintain a good digestion.
- **Lemon balm** contributes to a normal intestinal tract.

DID YOU KNOW?

Sage's latin name (*Salvia officinalis*) stems from *salvare* which means «to save» or «to heal».

The Romans and the Egyptians used to use it in several preparations.

Ingredients (titrated dry extracts) for 1 capsule

Fenugreek (*Trigonella Foenum Græcum*) 50 mg, Lemon balm (*Melissa officinalis*) 28.1 mg, Dandelion (*Taraxacum officinale*) 28.1 mg, Sage (*Salvia officinalis*) 18.8 mg, Tryptophan 2.5 mg, Alanine 1.8 mg. Additives: Bulking agent: Xylitol* - Vegetable capsule (natural vegetable cellulose, water).

*Excessive consumption may have a laxative effect.

Ease your digestive system

Stimulates digestion and intestinal transit

Suggested use

1 capsule to be taken every day, with a large glass of water.
Can be taken occasionally before or after a big meal.

The capsules may be opened before being taken.

10

Facilitates digestion
Relieves intestinal bloating and heaviness of the stomach

Well Being Digestion

Synergy of natural active ingredients with relaxing and sedative properties for daily digestive comfort.

- **Lemon balm** helps stimulate sluggish digestion that causes bloating and gas.
- **Dandelion** contributes to cleansing and purifying the body. It is also known to help stimulate a lazy liver and gallbladder.
- **Sage** helps digestion by maintaining comfortable stomach acidity level.

DID YOU KNOW?

Why do the British call dandelion «Dandelion»?

It comes from its French nickname «Lion's teeth» due to the shape of dandelion leaves.

Ingredients (titrated dry extracts) for 1 capsule

Lemon balm (*Melissa officinalis*) 56.3 mg, Dandelion (*Taraxacum officinale*) 56.3 mg, Sage (*Salvia officinalis*) 37.5 mg. Additives: Bulking agent: Xylitol* - Vegetable capsule (natural vegetable cellulose, water).
*Excessive consumption may have a laxative effect.

Balance the urinary sphere naturally

Urinary tract comfort

Suggested use

1 capsule every day, to be taken between meals with a glass of water. The capsules may be opened before being taken.

Facilitates kidney elimination
Improves urinary comfort

Well Being Elimination

Combination of 4 plants to optimize urinary comfort:

- **Couchgrass, Heather and Cranberry** have properties known to help maintain a comfortable urinary function.
- **White nettle** supplies minerals that can support urinary function.

DID YOU KNOW?

White nettle, despite its name, does not sting. As regards cranberry, it is called Large Cranberry in North America, Atoca in Quebec and Cranberry in England.

Ingredients (titrated dry extracts) for 1 capsule

Cranberry (*Vaccinium macrocarpon*) 74 mg, Couchgrass (*Cynodon dactylon* pers) 62 mg, White nettle (*Lamium album*) 40 mg, Heather (*Calluna vulgaris*) 24 mg, Additives: Bulking agent: Xylitol* - Vegetable capsule (natural vegetable cellulose, water).

*Excessive consumption may have a laxative effect.

Reduce stress regain serenity

A natural,
non-addictive solution

Suggested use

1 capsule to be taken
every day between meals
with a large glass of water.

The capsules may be
opened before being taken.

12

Enhances sleep quality to promote physical and
mental wellbeing
Relieves jet lag
Helps you cope with everyday stress

Well Being Serenity

A natural complex designed to act naturally on daily stress
and irritability to relax and find peace of mind.

- **Matricaria** and **Lemon balm** contribute to relaxation and supporting physical and mental well-being.
- **Hawthorn** and **Lemon balm** contribute to decrease irritability and agitation. Associated with **Lime tree** it helps achieve calmness and relaxation.
- **Eschscholtzia** helps you cope with daily stress by promoting calm and relaxation.
- From 1 mg, **Melatonin** helps reduce the time it takes to fall asleep.

DID YOU KNOW?

Melatonin is a hormone produced by a region of the brain (epiphysis or pineal gland) during the night. Its secretion regulates daily rhythms depending on brightness and informs the body of the season according to variations in the length of daylight.

Ingredients (titrated dry extracts) for 1 capsule

Eschscholtzia (Eschscholtzia californica) 75.7 mg, Hawthorn (Crataegus oxyacantha) 45.5 mg, Arginine 21.9 mg, Matricaria (Matricaria chamomilla) 15.1 mg, Lime tree (Tilia platyphyllos) 15.1 mg, Lemon balm (Melissa officinalis) 15.1 mg, Glycine 14.6 mg, Tryptophan 7.3 mg, Alanine 7.3 mg, Adenosine 2.4 mg, Melatonin 1 mg. Additives: Bulking agent: Xylitol* - Vegetable capsule (natural vegetable cellulose, water).

*Excessive consumption may have a laxative effect.

Improve the quality of your sleep and recover!

Faster naturally

Suggested use

2 capsules to be swallowed, preferably in the evening, with a large glass of water.

The capsules may be opened before being taken.

Do you wake up at night?
Do you feel tired when you wake up?
Do you have trouble falling asleep?

Well Being Sleep

The natural solution to enjoy a good and long restful night and feel energized during the day!

- **Lime tree** and **Matricaria** for their relaxing and soothing virtues.
- **Lemon balm** to act on sleep discomfort and nervousness. Soothing qualities for digestion.
- **Hawthorn** acts on stress and anxiety.
- **Eschscholtzia** which acts on night awakenings, helps you fall asleep, calms stress and anxiety.
- **Non-addictive.**

DID YOU KNOW?

The right response to sleep disorders (difficulty falling asleep, duration and quality of sleep, waking in the night, etc.) works from the first dose!

Due to its innovative microgranule form, its action is prolonged, with a gradual release of the components as soon as you fall asleep and during the night.

Its delayed effect aids the deferred diffusion of the active ingredients.

Ingredients (titrated dry extracts) for 2 capsules

Eschscholtzia (Eschscholtzia californica) 227.2 mg, *Hawthorn (Crataegus oxyacantha)* 136.4 mg, *Matricaria (Matricaria chamomilla)* 45.4 mg, *Lemon balm (Melissa officinalis)* 45.4 mg, *Lime tree (Tilia platyphyllos)* 45.4 mg. Additives: Bulking agent: Xylitol® - Vegetable capsule (natural vegetable cellulose, water).

*Excessive consumption may have a laxative effect.

Breathe easily

Clear your airways naturally

Suggested use

1 capsule every day, to be taken between meals with a glass of water. The capsules may be opened before being taken.

14

Soothes the respiratory tract and helps free airways
Relieves dry and wet cough
Calms and soothes the throat during the day

Well Being Respiration

Combines the effectiveness of 4 plants to help your body resist against external attacks by preserving the integrity of the respiratory tract.

- **Eucalyptus**, an excellent and recognised support for upper airways management.
- **Marshmallow** soothes irritation and relieves dry cough.
- **Bilberry**, an antioxidant with recognized properties.
- **Hawthorn** to promote a restful and calm sleep.

DID YOU KNOW?

Marshmallow root was once used to help very young children to 'cut their teeth'.

It also allowed the manufacture of confectionery products with the same name.

Today, the food industry replaces Marshmallow with collagen, less rare and therefore less expensive.

Ingredients (titrated dry extracts) for 1 capsule

Marshmallow (Althaea officinalis) 37.5 mg, Eucalyptus (Eucalyptus globulus labill) 37.5 mg, Bilberry (Vaccinium myrtillus) 37.5 mg, Hawthorn (Crataegus oxyacantha) 37.5 mg. Additives: Bulking agent: Xylitol* - Vegetable capsule (natural vegetable cellulose, water).

*Excessive consumption may have a laxative effect.

Boost your Immunity

Strengthen your
body's natural defences

Suggested use

2 capsules to be taken every
day with a large glass of water,
preferably before breakfast.

The capsules may be opened
before being taken.

Propolis warns of an
allergic substance

Helps strengthen the body's natural defences
Helps calm the respiratory tract
Helps combat seasonal changes

Well Being Immunity

Natural complex to maintain good immunity during
seasonal changes thanks to the synergy of its active
ingredients.

- **Royal jelly** contains micronutrients with revitalizing and stimulating properties.
- **Propolis** contains flavonoids and supplies the body with a wealth of trace elements and minerals, stimulating the natural defense system.
- **Thyme** has cleansing and relaxant properties.

DID YOU KNOW?

Singers often use royal
jelly to relax their vocal
cords, the mixture of
sugar and acid make it
a miracle cure.

Ingredients (titrated dry extracts) for 2 capusles

Propolis 257.9 mg, Royal jelly** 128.9 mg, Thyme (Thymus vulgaris) 51.6 mg, Glycine 11.6 mg, Additives: Bulking agent: Xylitol* - Vegetable capsule (natural vegetable cellulose, water).

*Excessive consumption may have a laxative effect.

**Rate 10 HDA: 4.46%.

Well Being Vitality

Boost your energy level

It is a natural biocompatible complex which boosts, stimulates and strengthens the body throughout the day with its 'extended-release' formula over 8 hours.

- **Ginseng** extracts helps with vitality.
- Caffeine-rich **Guarana** increases energy level.
- **Acerola** well-known to have antioxidant properties and a vitamin C content.
- **Pineapple** is known to contribute to body cleansing function, to help the body with better absorption of the other ingredients.

Ingredients (titrated dry extracts) for 1 capsule

Ginseng (Panax ginseng) 90 mg, Acerola (Malpighia glabra) 22.5 mg (25% Vitamin C, 7% of RDA), Guarana (Paulinia cupana) 22.5 mg, Pineapple (Ananas comosus) 15 mg.
Additives: Bulking agent: Xylitol* - vegetable capsule (natural vegetable cellulose, water).
*Excessive consumption may have a laxative effect.

Suggested use

1 capsule every day, to be taken between meals with a glass of water, avoid taking in the evening.
The capsules may be opened before being taken.

Suggested use

1 capsule to be taken preferably in the morning with a large glass of water.

Well Being Starter

Prevents and combat aging
Supports natural defences
Helps reduce tiredness

Acerola pulp contains 50 to 80 times more vitamin C than an orange. It is the richest natural source of vitamin C. It is an essential element for the body to function properly. Our **Acerola** is associated with **Camu-Camu**, allowing a better concentration of the active ingredients for your body and a greater well-being.

- Powerful antioxidant for preventing and combating aging.
- Supports natural defences.
- Stimulation of physical and mental faculties.
- Important role in the formation of collagen.

Ingredients (titrated dry extracts) for 1 capsule

Acerola (Malpighia glabra) 242 mg, Camu-Camu (Myrciaria Paraensis) 168 mg.
Additives: Emulsifier : Magnesium stearate. Vegetable capsule.

Promote blood circulation

Care for your legs naturally

Suggested use

1 capsule a day, with a large glass of water, from the first signs of discomfort.

Maintains circulatory comfort and the venous tone
Contributes to optimal venous circulation in legs (heavy legs)

Well Being Circulation

Heavy, tired legs, varicose veins and poor circulation are all signs of poor venous tone.

Well Being Circulation contains a synergistic combination of 4 plants that are known to support a healthier blood circulation at several levels:

- **Blackcurrant** has antioxidant properties.
- **Olive leaf** is known to help maintain a healthy blood pressure.
- **Red vine** leaf helps relieve heaviness in the legs and supports healthy capillaries.
- **Bilberry** contributes to capillary resistance and helps the microcirculation.

Ingredients (titrated dry extracts) for 1 capsule

Blackcurrant extract (*Ribes nigrum*) 90 mg, Olive tree (*Olea europaea*) 30 mg, Red vine (*Vitis vinifera*) 60 mg, Bilberry (*Vaccinium myrtillus*) 20 mg. Additives: Bulking agent: Xylitol* - Vegetable capsule (natural vegetable cellulose, water).

*Excessive consumption may have a laxative effect.

DID YOU KNOW?

Tips for better circulation:

Walk, swim, avoid high heels, tight-fitting clothes (e.g. knee-high socks).

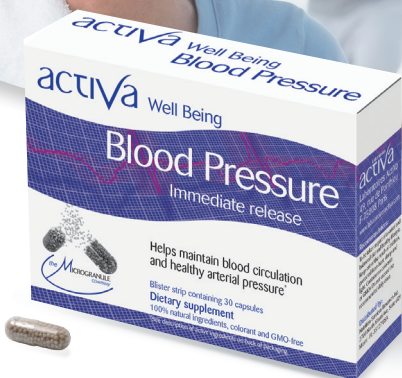

Avoid prolonged exposure to sunlight and prolonged standing or sitting.

Consider support stockings during long journeys.

Drink plenty.

The natural solution to maintain your vascular system comfort

Suggested use

1 capsule to be taken every day in the morning with a large glass of water. The capsules may be opened before being taken;

Not recommended for people with allergies to salicylate derivatives.

Not recommended for children under 12 years of age, pregnant women and breast-feeding mothers.

18

Supports blood circulation and blood pressure

Well Being Blood Pressure

Synergistic action of plants acting at several levels to regulate blood circulation and blood pressure.

- **Grape seed** promotes venous circulation and maintains capillaries.
- **Bilberry** strengthens capillary resistance and promotes microcirculation.
- **Meadowsweet**, recognised for its blood vessel widening properties, it calms cardiac activity and blood pressure.
- **Olive tree** supports good blood pressure. **Red vine** promotes blood circulation.
- **Blackcurrant** has strong antioxidant properties.

DID YOU KNOW?

Italian tradition states that some olive trees date back to the time of the Romans.

In Roquebrune Cap-Martin, a healthy olive tree is more than 2000 years old...

Ingredients (titrated dry extracts) for 1 capsule

Blackcurrant (*Ribes nigrum*) 45 mg, Olive tree (*Olea europaea*) 30 mg, Galega (*Galega officinalis*) 18.8 mg, Red vine (*Vitis vinifera*) 15 mg, Grape seed (*Vitis vinifera*) 12.5 mg (95% polyphenols), Meadowsweet (*Filipendula ulmaria*) 12.5 mg, Kinnikinnick (*Arctostaphylos uva ursi*) 10.4 mg, Rhubarb (*Rheum officinale* baillon) 10.4 mg, L-carnitine 10.4 mg, Bilberry berries (*Vaccinium myrtillus*) 10 mg, Bilberry leaves (*Vaccinium myrtillus*) 6.3 mg, Viburnum (*Viburnum lantana*) 6.3 mg, L-tryptophan 6.3 mg, Grapefruit (*Citrus paradisi*) 4.2 mg, L-histidine 2.1 mg. Additives: Bulking agent: Xylitol* - Vegetable capsule (natural vegetable cellulose, water).

*Excessive consumption may have a laxative effect.

Heart benefit... for life

Controls
cholesterol level

Suggested use

1 capsule to be taken every day in the evening with a glass of water.

The capsules may be opened before being taken.
Not suitable for pregnant and breast-feeding women or children under the age of 5.
Seek medical advice if taking lipid-lowering drugs.

Helps maintain cholesterol levels
Helps balance blood lipid levels

Well Being Cholesterol

The natural synergistic solution to help keep cholesterol at a healthy level.

- **Guggul** helps maintain normal lipid levels and controls plasma cholesterol levels.

According to the scientific committee of the EFSA:

- For a 10 mg dose of **Monacolin K**:
Red Rice Yeast helps maintain cholesterol level, promotes the reduction of bad cholesterol (LDL) by inhibiting the enzymes that promote the formation of cholesterol.
- For an 800 mg daily dose of **Sterols**:
they contribute to maintain a good level of cholesterol in the blood by reducing its absorption.

DID YOU KNOW?

Guggul is the gum from a plant native to India, the *Commiphora wightii*.

Often used in ayurvedic medicine to 'unclog' the body from toxins, but also to maintain flexible joints.

Ingredients (titrated dry extracts) for 1 capsule

Lipophytol (90% Phytosterols) 120 mg, Red Rice Yeast (*Monascus purpureus*) (1.5 % Monacolin K) 72 mg, Guggul (*Commiphora mukul*) 48 mg. Additives: Bulking agent: Xylitol* - Vegetable capsule (natural vegetable cellulose, water).

*Excessive consumption may have a laxative effect.

Experiencing memory loss? Exams pressure?

Maintain healthy brain function

Suggested use

Swallow 1 capsule preferably
in the evening with
a large glass of water.

20

EPAX quality of Omega 3 for a beneficial action on
intellectual performance

Well Being Memory

The natural solution for improving your brain functions,
maintaining your cardiac functions, and supporting your
visual function.

- The 6000 TG, an oil from a wild deep-water fish of the cold seas (in a very pure version), and the fish 1812 TG contain in a natural state a high concentration of **long-chain Omega-3: EPA and DHA**, which are well known for their action on the cognitive lipid functions and for maintaining normal cardiac (EPA/DHA) and visual (DHA) functions.
- The EPA and DHA work synergistically to boost each other's action.

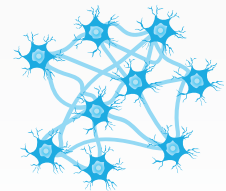

Ingredients for 1 capsule

Fish Oil (6000 TG) 175 mg, Fish Oil (1812 TG) 175 mg (Contains 52.5 mg of DHA and 78.8 mg of EPA per capsule. Rich in Omega 3).
Other ingredients: Tunica, Marine gelatin, Humectant: glycerin, water.

DID YOU KNOW?

Higher levels of DHA (docosahexaenoic acid) and EPA (eicosapentaenoic acid) in the neurons maximise the brain's development potential, enhance cognitive performance and slow down the process of brain ageing.

Well Being Slimness

The secret for a slim figure

An enriched formula which combines 5 specific active ingredients to promote weight and figure control.

- **Green tea**, with its diuretic and pro-circulation properties and caffeine-rich **Guarana** to support weight management and encourage the release of stored fats. Together, they support the body metabolism.
- **Fucus**, helps control appetite by inducing a feeling of fullness.
- Containing the enzyme bromelain which has decongestant properties, **Pineapple** helps reduce local fat deposits that cause orange-peel skin.
- **Ginger**, stimulates digestion and is particularly useful during a weight loss diet for its ability to relieve tiredness and support energy levels.

Well Being Detox

Your natural detox program

Stimulates intestinal transit, thus allowing the elimination of accumulated waste.

It combines 4 algae whose wealth in soluble fibre contributes to cleaning and sanitising the intestines.

- **Fucus** and **Ascophyllum** are deemed to promote intestinal transit.
- **Laminar** for its purifying action and **Lithothamnium** rich in calcium.

Ingredients (titrated dry extracts) for 1 capsule

Green tea (Thea Sinensis) 60 mg, Guarana (Paullina cupana) 37.5 mg, Fucus (Fucus vesiculosus) 30 mg (0.1% iodine, or 16% of RDA), Pineapple (Ananas sativa) 11.25 mg, Ginger (Zingiber officinalis) 11.25 g. Additives: Bulking agent: Xylitol* Vegetable capsule (natural vegetable cellulose, water).
*Excessive consumption may have a laxative effect.

Suggested use

1 capsule every day, between meals with a glass of water.
The capsules may be opened before being taken
Not recommended for children, adolescents and pregnant or breast-feeding women.

Suggested use

1 capsule in the morning and evening, with a large glass of water.
The capsules may be opened before being taken

Ingredients (titrated dry extracts) for 2 capsules

Fucus (Fucus vesiculosus) 161.9 mg, Ascophyllum (Ascophyllum nodosum) 95.2 mg, Laminar (Laminaria digitata) 95.2 mg, Lithothamnium (Lithothamnium calcareum) 47.6 mg. Additives: Bulking agent: Xylitol* - Vegetable capsule (natural vegetable cellulose, water).
*Excessive consumption may have a laxative effect.

Unleash the power of Spirulina

With the Microgranule Technology

Suggested use
1 capsule to be taken each
day, preferably in the morning,
with a large glass of water.

22

Amino acid supplementation
Contributes to vitality and slow down cellular aging

Well Being Spirulina

Get a natural energy boost and help to improve the physiological balance of your body.

- **Spirulina** is rich in antioxidants, which help the body protect itself against the effects of oxidative stress. It is a good source of the supplementary amino acids recommended for slimming diets and maintenance of muscle mass. It helps with fatigue to regain energy.
- **Watercress** is also a food that is well-known for its nutritional value.
- This complex enhances the absorption of **Spirulina** by the cells. It is a good source of protein.

DID YOU KNOW?

Spirulina, a micro-algae in the shape of a spiral, is one of the oldest life forms on the planet.

The World Health Organisation recommends spirulina as a “superfood” to combat malnutrition and micronutrient deficiency.

Ingredients (titrated dry extracts) for 1 capsule

Spirulina (Spirulina Platensis) 200 mg, Watercress (Nasturtium Officinale) 33,3 mg, Additives: xylitol**, vegetable capsule (natural vegetable cellulose, water).
**excessive consumption may cause laxative effects

Fighting hair loss?

Well Being Hair is the natural solution

The nutritional and stimulating properties which act on the different factors involved in hair loss (microcirculation, oxidation).

- **Saw palmetto** and **Nettle** extracts help support hair quality and vitality.
- **Bilberry** extract containing flavonoid polyphenols are known for their protective properties on the vascular, venous and capillary systems.
- **Antioxidants** (**Marigold** extract containing lutein and extracts of **Watercress** and **Bilberry**) for beautiful hair and a healthier scalp.

Ingredients (titrated dry extracts) for 2 capsules

Saw Palmetto (*Serenoa repens*) 147.4 mg, Marigold (*Tagetes erecta*) 105.2 mg, Watercress (*Nasturtium officinalis*) 63.2 mg, Nettle (*Urtica dioica*) 63.2 mg, Bilberry (*Vaccinium myrtillus*) 21 mg.
Additives: Bulking agent: Xylitol® - Vegetable capsule (natural vegetable cellulose, water).
*Excessive consumption may have a laxative effect.

Suggested use

As a treatment of attack, 2 capsules a day for 10 to 20 days.
Extend to 2 to 3 months to 1 capsule per day as a maintenance treatment.
Ask your doctor and/or your pharmacist for advice.

Well Being Sun

Prepare your skin to sun exposure

A synergistic complex of vegetable oils from the first cold press with an action that works on several sectors of the skin.

- **Virgin borage oil.**
- **Virgin evening primrose oil** performs a regulatory action on the blood cholesterol levels and on blood pressure.
- **Virgin avocado oil** performs a soothing, calming, healing & anti-wrinkle action.
- **Carrot oil**, a natural source of beta-carotene.
- **Lycopene.**

Ingredients (for 2 capsules)

Evening Primrose oil (*Oenothera biennis*) 336 mg, Borage oil (*Borago officinalis*) 208 mg, Avocado oil (*Persea americana*) 80 mg, Soy oil (*Glycine Max*) 64 mg, Tomato (*Lycopersicon esculentum*) (Lycopene 6%) 32 mg, Carrot oil (*Daucus carota*) 16 mg.
Additives: Marine gelatin, glycerol.

Well Being Man

Vitality and masculine expression

A natural and comprehensive response tailored to regain well-being and comfort of sexual function.

A biocompatible complex combining the synergy of 7 plants:

- **Maca**, **Damiana** and **Tribulus** are traditionally known to promote sexual desire.
- **Squash seed** extract helps with urinary discomfort.
- **Couchgrass** and **Tribulus** help elimination, thus contributing to the proper functioning of the kidneys and urinary sphere.
- **Cranberry** and **Ginger**.

Ingredients (titrated dry extracts) for 1 capsule

Damiana (Turnera diffusa) 50 mg, Maca (Lepidium meyenii) 33.3 mg, Couchgrass (Cucurbita pepo) 25 mg, Squash Seed (Agropyron repens) 18.75 mg, Tribulus (Tribulus terrestris) 16.7 mg, Cranberry (Vaccinium macrocarpon) 4.1 mg, Ginger (Zingiber officinalis) 2.1 mg.
Additives: Bulking agent: Xylitol* - Vegetable capsule (natural vegetable cellulose, water).
*Excessive consumption may have a laxative effect.

Suggested use

1 capsule every day, to be taken between meals with a glass of water.
The capsules may be opened before being taken

Suggested use

1 capsule in the morning and evening, to be taken between meals with a glass of water.
The capsules may be opened before being taken.

Ingredients (titrated dry extracts) for 2 capsules

Ginseng (Panax ginseng) 180 mg, Acerola (Malpighia glabra) 45 mg (25% Vitamin C, 14% of RDA), Guarana (Paulinia cupana) 45 mg (Cafein 10%),
Pineapple (Ananas Comosus) 30 mg, Additives: Bulking agent: Xylitol* -
Vegetable capsule (natural vegetable cellulose, water),
*Excessive consumption may have a laxative effect.

Chrono Symbiotic

24 billion probiotics (CFU) gastro-protected

Helps manage gastrointestinal flora levels.

Assists with comfortable digestion and healthy bowel function.

■ Synergy of 4 CFU for an excellent result

- **Bifidobacterium longum**, **Bifidobacterium infantis**,
- **Lactobacillus acidophilus**, **Lactobacillus rhamnosus**.

■ Synergy of 3 prebiotics

- **Fructo-oligosaccharides**,
- **Xylitol**
- **Ribose**.

Suggested use

3 capsules on the first day and then 2 capsules a day to be swallowed with a large glass of water preferably before breakfast.

The capsules can be opened before administration and mixed in a yoghurt, for example.

From a culture environment containing soy and milk.

Ingredients (for 2 capsules)

Fructo-oligo-saccharides 132 mg,
Bifidobacterium longum 6 Bn, Bifidobacterium infantis 6 Bn,
Lactobacillus acidophilus 6 Bn, Lactobacillus rhamnosus 6 Bn,
Additives : Bulking agent: Xylitol*, Ribose - Vegetable capsule
(natural vegetable cellulose, water).

*Excessive consumption can have a laxative effect.

27

Chrono Circulation

Poor circulation? A quick solution!

Maintains circulatory comfort and the venous tone.

- **Blackcurrant berries** have draining properties.
- The **Olive tree** is traditionally recognized for its benefits for the venous tone.
- **Red vine** promotes blood circulation.
- **Bilberry** maintains microcirculation.

Suggested use

3 capsules on the first day and then 2 capsules a day to be swallowed with a large glass of water, between meals.

The capsules may be opened before being taken.

Ingredients (titrated dry extracts) for 2 capsules

Blackcurrant extract (Ribes nigrum) 180 mg, Olive tree (Olea europaea) 120 mg,
Red vine (Vitis vinifera) 60 mg, Bilberry (Vaccinium myrtillus) 40 mg,
Additives: Bulking agent: Xylitol* - Vegetable capsule
(natural vegetable cellulose, water).

*Excessive consumption may have a laxative effect.

Chrono Gastric

Natural relief for gastric acidity

Helps maintain the acid/base balance of the stomach with its association of 4 plants traditionally valued for their gastric and digestive benefits.

- **Fenugreek** and **Dandelion** contribute to maintaining a normal gastric acidity.
- **Sage** helps maintain a good digestion.

Not recommended for children under 12 years of age, pregnant women and breast-feeding mothers.

Prolonged use is not recommended.

Ingredients (titrated dry extracts) for 2 capsules

Senna (*Cassia acutifolia* L.) 120 mg, Cascara (*Rhamnus purshiana*) 120 mg, Rhubarb (*Rheum palmatum*) 110.4 mg, Mallow (*Malva sylvestris* L.) 80 mg, Senna (*Cassia angustifolia* L.) 78 mg, Aloe (*Aloe barbadensis* L.) 70 mg, Buckthorn (*Rhamnus frangula*) 68 mg, Convolvulus 40 mg, Cloves (*Eugenia caryophyllata*) 10 mg, Cinnamon (*Cinnamomum zeylanicum*) 10 mg.

Additives: Magnesium stearate.

30

Chrono Elimination

Urinary problems

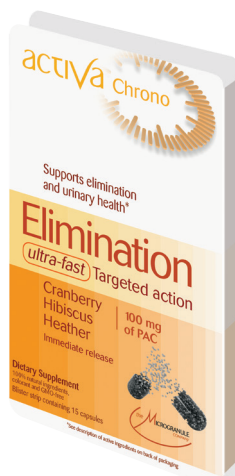

Promotes kidney comfort and elimination due to:

- **Cranberry** (100 mg de PAC).
- **Hibiscus** and **Heather** promote urinary comfort and kidney elimination.

Suggested use

3 capsules on the first day and then 2 capsules a day to be swallowed with a large glass of water preferably in the evening.

The capsules may be opened before being taken.

Ingredients (titrated dry extracts) for 2 capsules

Cranberry (*Vaccinium macrocarpon*) 400 mg, Hibiscus (*Hibiscus sabdariffa*) 34 mg, Heather (*Brucaria*) 20 mg.

Additives : Bulking agent: Xylitol* - Vegetable capsule (natural vegetable cellulose, water).

*Excessive consumption may have a laxative effect.

activa

Human structure

The perfect balance for your body

Human structure is an **exclusive program** of Laboratories Activa, designed and formulated with a new perception of nutritional supplements. To ensure an excellent physical and mental dynamics, it is important to maintain the right activity of the essential components of our body, namely **lipids and fats, proteins, carbohydrates (sugars) and the antioxidant protection system**.

The Human structure concept is based on caring for the human being in their integrity, with all the complexity of the interactions between the different systems of the body. By acting on each area (lipids, proteins, carbohydrates, antioxidant system), your body will get all its energy back in a sustainable way!

GlucidoTonic Control

Supports the metabolism of carbohydrates

Combination of several natural components (Galega, Grape seeds, Meadowsweet, Bearberry, Rhubarb, Blueberry, Viburnum, Grapefruit) and amino acids (L-carnitine, L-tryptophan, L-histidine) acting in synergy.

Recommended as a supplement to a diet or in case of bad eating habits. It is also suitable for athletes, when tired or lacking energy.

- Promotes the **metabolism** of carbohydrates.
- Aids the storage and **release of sugars**.

Suggested use

1 capsule in the morning to be taken with a large glass of water between meals. The capsules may be opened before being taken. 30-day programme.

Ingredients (titrated dry extracts) for 2 capsules

Grape seeds (25 mg) (95% polyphenols), Meadowsweet (25 mg), Bearberry (20.8 mg), L-carnitine (20.8 mg), Blueberry (12.5 mg), Tryptophan (12.5 mg), Grapefruit (8.3 mg), L-histidine (4.2 mg).
Additives: Bulking agent: Xylitol* - Vegetable capsule (natural vegetable cellulose, water).
*Excessive consumption may have a laxative effect

H2Tonic

Actively fight free radicals

Source of trace elements selected to aid combat oxidative stress and related imbalances.

Pollution, tobacco, alcohol, stress, electromagnetic waves, UV rays, diets that encourage an overproduction of free radicals cause a lot of damage in our body.

- Helps **protect** the body and skin from **oxidative damage**.
- Supports the **natural defence system**.

Suggested use

1 capsule in the morning to be taken with a large glass of water between meals. 30-day programme

Ingredients (titrated dry extracts) for 2 capsules

Melon extract (4221 IU of SOD) 301.6 mg, Fermented papaya 129.2 mg, Blackcurrant 17.2 mg, Manganese gluconate (12.5% Mn) 0.5 mg, Zinc gluconate (14% Zn) 0.4 mg, Glutamic acid 0.4 mg, Histidine 0.4 mg, Copper gluconate (14% Cu) 0.1 mg, Threonine 0.1 mg.
Additives: Bulking agent: Xylitol* - Vegetable capsule (natural vegetable cellulose, water).
*Excessive consumption may have a laxative effect

ProteaTonic

Complex of amino acids

ProteaTonic combines the main amino acids involved in the composition of the body's proteins in its formulation.

Amino acids perform an essential role, they are the fundamental constituents of all proteins present in the cells and tissues of our body and are necessary for optimal biological functioning.

■ **Suitable for anybody**, especially athletes, elderlies and those on a diet.

Suggested use

Taking 1 tablet, twice a day, between meals is recommended. Tablet to be chewed or swallowed.
30-day programme

Cardio

Which is high in **unsaturated fatty acids**, has a **beneficial impact on the cardiovascular system** (heart, blood vessels and circulation).

Oleatonic Cardio contains a sequential formulation of extremely pure oils derived from wild cold-water fish, rich in long-chain Omega 3 (EPA, DHA).

Consuming EPA and DHA helps maintain normal cardiovascular functions.

- **Contributes maintain normal heart function.**
- **Helps maintain optimal brain and eye function.**

Suggested use

Take 2 capsules, preferably in the evening, with a large glass of water.
Allergen Warning: contains fish.

Ingredients for 2 capsules

Fish Oil (6000 TG) 350 mg,
Fish Oil (1812 TG) 350 mg.
(Contains 105 mg of DHA and 157.6 mg of EPA per 2 capsules
- rich in Omega 3).
Additives: Capsule shell: Marine gelatine,
Emulsifier: glycerol, water.

OleaTonic Cerebral

A natural formula concentrated in borage oil, evening primrose oil, wheat germ and grape seed oil to offer the body necessary triglycerides in the form of essential fatty acids omega 3 and 6.

- Promotes good venous and capillary circulation.
- Helps strengthen and restructure the skin.

Suggested use

Taking 1 capsule, twice a day with a glass of water, between meals is recommended.
30-day programme.

Ingredients (for 2 capsules)

Borage oil (Borago Officialis) 205.9 mg,
Evening Primrose oil (Oenothera biennis) 147 mg,
Wheat germ oil (Triticum vulgare) 88.2 mg,
Grape seed oil (Vitis vinifera) 58.8 mg.
Additives: Marine gelatin, glycerol.

Suggested use

Taking 2 capsules a day with a glass of water, between meals is recommended.
30-day programme.

Ingredients (for 2 capsules)

Evening Primrose oil (Oenothera biennis) 336 mg, Borage oil (Borago Officialis) 208 mg, Avocado oil (Persea americana) 80 mg,
Soy oil (Glycine Max) 64 mg, Tomato (Lycopersicon esculentum) (Lycopene 6%) 32 mg, Carrot oil (Daucus carota) 16 mg.
Additives: Marine gelatin, glycerol.

OleaTonic Metabolic

It is defined as a 'lipid contributor' as it promotes their metabolism, in particular in regards to the skin.

The synergy of its components provides a balance between omega 3, 6 and 9.

It works alongside a cholesterol-lowering diet or after food excesses and prepares the skin for exposure to the sun.

- Promotes the metabolism of lipids for the skin.
- Promotes good cholesterol.
- Contributes to balanced skin.
